No. 453

Enclosures No. 3.

OFFICE OF THE Secretary to Local Board,
MYSORE DISTRICT,
Dated Mysore 19th October 1897

To

The Secretary to the Government of Mysore,
General and Revenue Departments.

SIR,

I have the honor to submit herewith for sanction an estimate amounting to Rs 810 for repairing the reservoir known as Gouri Kola in the Belur village of the Nagamangala Taluk. The estimate was originally framed for Rs 487, and was sanctioned by the Sub-Division officer of French Rocks. et sum of Rs 476-7-9 was expended during the year 1896/97. The balance viz: Rs 11/- and the supplemental grant of Rs 323, may kindly be sanctioned from Rs 5000/ allotted for expenditure from Local Funds General in Government Order No 107-D dated 19th August 1897

A copy of letter No 437 dated 3rd instant from the Sub-Division officer of French Rocks

explaining the necessity for the works is
herewith submitted. Plans also accompany

I have the honor to be,
Sir,
Your most obedient Servant

President of the
District Fund Board
Mysore District.

Dated Camp Mysore 3rd October 1897.

No. 437 Sue: 2 (one estimate & one plan)

From

The Sub Division Officer

French Rocks.

To

The Deputy Commissioner

Mysore District

Sir

I have the honor to submit for sanction of Government a revised estimate for Rs 810 for repairing the drinking water reservoir known as Gowri Kola in the Bellur Town Nagamangla Taluk

2. The work in question was put in hand last year under an estimate for Rs 487/- which was sanctioned by me out of the Local Funds General, and Rs 476-7-9 was expended within the close of the year. But after some progress was made, the Supervisor Public Works department who was incharge of the work brought to notice

notice that the repairs could not be completed within the original estimate as some extra work was found necessary to be carried out. Besides additional work of the same kind as was provided for in the original estimate, there were also certain new items such as excavation of rock removing boulders, turfing &c. For this the Superintendent recommended an extra rate of one anna per cubic yard for silt clearing as there was great difficulty experienced in removing silt both in the bed of the pond and in the "ane bhaur" (in the middle of the pond) the existance of which was not known when the original estimate was framed. This extra rate has also been provided for in the present estimate.

3. Under the above circumstances it was thought necessary to frame a Supplemental estimate for all the items that required appropriation during the current year. The Supplemental estimate amounts to Rs 323/-. The original and Supplimental estimates together come to Rs 870/- which is above the Presidents power of

of Sanction.

4. I beg that the Sanction of Government maybe obtained to the estimate. The cost viz: 3230/- will be met from the Local Funds General Grant of Rs 5000/- sanctioned for expenditure during the current year in Government Proceedings No: 107 - D dated 19th August 1897.

5. The restoration of this Kola is a work of permanent utility. The whole town is dependent upon the reservoir for the supply of drinking water. The accompanying plan shows the nature of the work included in the repair estimate.

I have the honor to be,

Sir

Your most obedient Servant.
